

How to use NFC Storage Tag App?

[Preparation]

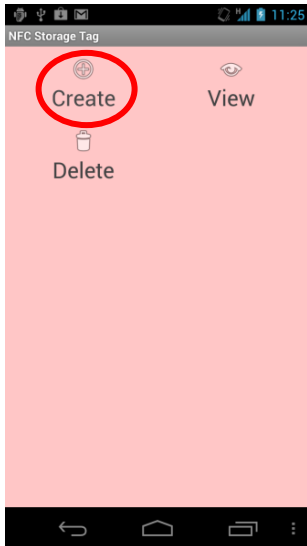

- 1 empty box or container
- A few Items that will be stored in the box
- 1 Smart Tag

[1]. Create Storage Tag

(1) On 'Menu screen', click '**Create**' (*image 1-1*), and touch the Smart Tag (*image 1-2*).

If the Smart Tag already has storage data, display the item list on the 'List of items Screen' (*image 1-3*).

If the Smart Tag doesn't have storage data, you can check in the items from 'Item picture and name Screen' (*image 1-4*).

(image 1-4)

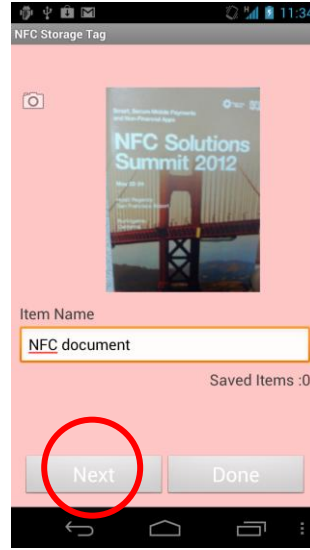

- (2) On 'Item picture and name Screen', click the camera icon to launch camera application (*image 1-5*).
Take a picture of an item, then click '**OK**' button on the camera application (*image 1-6*).
- (3) On 'Item picture and name Screen', enter the item name. When finished, click '**Next**' button (*image 1-7*).
- (4) Put the item in the box.
- (5) Repeat (2)-(4) to enter the next item. (You can save up to 20 items per box.)
- (6) When finish entering all items, click '**Done**' button (*image 1-8*).
